7.2.2. Superintendent – Jason Morse

Superintendent Morse stated that he has been working a lot with MCCSD. Thank you to Matt for all of the help and organization on these projects. We have pretty much finalized negotiations with MTA. It has been another good, but tough year. Next year will be tough as well. Have been meeting with site principals to discuss next year's cuts, as we have to cut over \$700k in funds. Baseball has been exciting. There has not been a team since 2015. There are 2 girls, 5 boys who have played and 6 who have never played before and it has been fun to watch. Earlier in March there was a Superintendent meeting that discussed legal hot topics. There are 4 new Superintendents in the county so there was a lot of team building.

7.3. Bargaining Units

7.3.1. Mendocino Teachers Association (MTA)

MTA President, Diana Dominguez, reported that she has heard questions about why teachers are not showing up to board meetings. Here to relay the message that attending is tough. Many are listening in on Zoom. Thanks to Marshall and team for allowing remoting viewing. Diana then read some of the teacher feedback regarding the cuts for the Board to consider.

7.3.2. Classified Employees of Mendocino Unified Schools (CEMUS)

There was no one present from CEMUS.

7.4. Board Trustee Reports

There were no trustee reports.

Speaking about a personnel issue at a Board meeting may prevent the Board from being able to act on it. Please see an administrator to initiate the complaint process.

The Board may briefly respond to public comments by asking questions to clarify the speaker's comments and refer the speaker to the Superintendent for further clarification. We thank you for your comments and participation at this meeting.

Overall Project Status

In order to keep to the planned schedule, Lathrop's bid out the Mechanical and Electrical portions for the project prior to securing the DSA Permit. Bid results came in as anticipated, so desire is to procure the mechanical and electrical equipment to better assure meeting our schedule.

Potential Issues:

DSA in their backcheck comments stated that the culinary kitchen would need to have fire sprinklers due to a change in use from warming kitchen to culinary arts kitchen. QKA pushed back and with assistance from Tobin and windspirit documented it has always been a culinary arts kitchen. It appears the requirement for addition of fire sprinklers may be averted.

Next Steps

Decide on early procurement of electrical and mechanical equipment or re-evaluate the project schedule. Obtain DSA permit and bid the reamining scope of work.

Mendocino Unified School District/Mendocino Teachers' Association Memorandum of Understanding 2022-23-01: Compensation

MUSD and MTA agree to this exclusive, non-precedent setting MOU which will allow Jessica Drayer to use 24 early childhood units that were received prior to her getting her California Teaching Credential toward column advancement on the MTA salary schedule. According to the MTA contract, these units are impermissible to use toward column advancement, but MUSD will use these units to comply with Universal Transitional Kindergarten requirements as of August, 2023. It is reasonable then, that Jessica is able to apply the units toward column advancement. These units will be applied effective July 1, 2023 for the 2023-2024 school year.

Plan Components:

1—Safe and Supportive Environment Describe how the program will provide opportunities for students to experience a safe and supportive environment. All staff will be hired and trained by CCM with the minimum Mendocino Unified School District (MUSD) paraprofessional qualifications required (Bachelors Degree or passing the MUSD written exam).

2—Active and Engaged Learning Describe how the program will provide opportunities for students to experience active and engaged learning that either supports or supplements, but does not duplicate, the instructional day.

The after school program will offer

Mendocino Unified School District Maintenance Assessment District

Assessment

WHEREAS, on April 20, 2023 the Board of Trustees of the Mendocino Unified School District, pursuant to the provisions of the Landscaping and Lighting Act of 1972 (the "Act"), adopted its Resolution Initiating Proceedings for the Formation of a Maintenance District for the maintenance of improvements more particularly described in the Resolution;

WHEREAS, the Resolution directed the undersigned to prepare and file a report pursuant to Section 22565, et seq., of the Act;

NOW THEREFORE, the undersigned, by virtue of the power vested in me under the Act and the order of the Board of Trustees, hereby makes the following assessment to cover the portion of the estimated cost of the maintenance of the improvements, including the incidental costs and expenses, to be paid by the maintenance district.

These improvements are allocated costs based upon the estimated costs of the improvements for the fiscal year 2023-24 at \$91,230 as follows:

Engineer and District's Cost Estimate Fiscal Year 2023-24 Maintenance Assessment District — Eligible Maintenance Cost

Improvements 2023-24	MUSD Expenditures	Estimated Costs for Improvements 2023-24
 Maintenance, servicing, and semi-annual refinishing and refurbishment of gym floors at Mendocino High School. (Not necessary in 2023-24 due to Bond Modernization project). Maintenance, utilities and servicing of facilities and grounds of the District available for public use. Including irrigation, utilities, repair, water system, fire systems maintenance, 	\$0	\$0
paving, maintenance and operations staff, custodial supplies, etc.	\$ <u>1,297,943</u> \$1,297,943	<u>\$91,230</u> \$91,230

For the 2023-24 fiscal year, there is no surplus or deficit in the improvement fund and section 22569(d) does not apply. The net assessed amount is, as set forth above, the estimate of the costs for the fiscal year 2023-24 of approximately \$91,230. The net assessment is based on approximately 3,041 improved parcels at \$30.00 per parcel.

Maintenance personnel will be used to maintain, service, and repair as necessary the District's facilities available to the public. District maintenance and utility staffing and operational expenditures will be used approximately 7.0% for maintenance and service in connection with public recreational events at District school sites.

The proposed assessment per improved parcel and total net amount to be assessed is less than the cost the District pays for maintenance, service, and improvements as a result of the public use and availability of District facilities.

The exterior boundaries of the Maintenance District are identical to the boundaries of the Mendocino Unified School District. For purposes of the Maintenance Assessment District, the Mendocino County Assessment Roll constitutes the Diagram.

I do hereby assess the net amount to be assessed upon all assessable lots or parcels of land within the Maintenance Assessment District by apportioning that amount among the several lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the maintenance of the improvements, as more particularly set forth in the list attached on page 4 which also lists exempt parcels, and by this reference made a part of this Assessment.

The Assessment is made upon the lots or parcels of land within the Maintenance Assessment District in proportion to the estimated benefits to be received by the lots or parcels, respectively, from the maintenance of the improvements.

Each lot or parcel of land assessed is described in the Assessment Roll by reference to its parcel number as shown on the Assessor's Maps of the County of Mendocino for the fiscal year 2023-24 and includes all of each parcel, excepting those portions within existing public roads or right-of-way. For a more particular description of the property, reference is hereby made to the deeds and maps on file and record in the office of the County Recorder of the County Mendocino.

Mendocino Unified School District Maintenance Assessment District

Assessment Roll

Reference is hereby made to the Assessment Roll in and for said assessment proceedings on file in the Office of the Secretary of the Board of Trustees, said assessment roll being too bulky to be bound with this Engineer's Report. The Assessment roll identifies the Mendocino County Assessor's Parcel Number of each lot or parcel, within the Maintenance Assessment District, that is being assessed, the address of the lot or parcel, the name and address of the owner of the lot or parcel, and an assessment amount.

Method of Assessment

The amounts to be assessed against the parcels of property to pay the cost and expenses of the work and improvements are based upon the benefits to be derived by the properties in the assessment district, which is comprised of parcels located within the Mendocino Unified School District boundaries, as defined by the Mendocino County tax code areas. Such benefits include, but are not limited to, enhanced property values, availability of recreational facilities, preservation of green space, contribution to a clean and safe community, and other general benefits.

Attached is a Summary of Assessment Amounts for various land uses found within the Mendocino Unified Maintenance Assessment District. The listing is not all inclusive of all types of land use that may be found within the District, but does represent the major land use categories. The list identifies which land use parcels are to be assessed and the method by which they are assessed.

Any property owner who feels that the amount of his/her assessment is in error as a result of incorrect information being used to apply the foregoing method, may file an appeal with the Superintendent of the Mendocino Unified School District. Any such appeal is limited to correction of an assessment during the then current or, if before July 1, the upcoming fiscal year. Upon the filing of any such appeal, the Superintendent shall promptly review the information provided by the property owner and if he finds that the assessment should be modified, he shall have the authority to make the appropriate changes in the assessment roll. If any such changes are approved after the assessment roll has been filed with the County of collection, the Superintendent is authorized to refund to the property owner the amount of any approved reduction.

Assessment Diagram and Plans and Specifications

Reference is hereby made to the Assessment Diagram in and for said assessment proceedings on file in the office of the Secretary of the Board of Trustees, said Assessment Diagram being too bulky to be bound with this Engineer's Report. For the purposes of the Mendocino Unified Maintenance Assessment District, the Assessor's Roll constitutes the Assessment Diagram.

Any Plans and Specifications that may be required, or that are applicable to the maintenance work included in the Maintenance Assessment District will be on file in the Office of the Secretary of the Board of Trustees.

Public Use and Availability of District Facilities

The Mendocino Unified School District ("District") makes available to members of the public residing in the District and other public members its facilities and playgrounds. The District is unique in this respect as almost all community recreational functions use these facilities.

The High School gymnasium and the K-8 gymnasium are used for large public functions in addition to recreational activities available to the public. The playgrounds at the small grammar schools and the Mendocino K-8 School are made available to the public for recreational activities.

The District's playing fields and gymnasiums are available to the public for a variety of sporting activities such as basketball, badminton, football, baseball, soccer, volleyball, and other sporting events. The Performing Arts Center and the High School gymnasium host public events for the community as a whole. There are other cultural uses of the District's facilities for public use.

The Mendocino Community High School and the Albion School are used by the public for cultural and recreational uses which require ongoing maintenance.

Because of the heavy use of the District's facilities, as set forth in this Report, it is necessary to defray the cost of maintenance, servicing, and improvements under the Landscaping and Lighting Act of 1972 (Streets and Highways Code section 22500).

Property values are enhanced by the presence of well-maintained public facilities for community recreational uses.

Instruction

Independent Study

Definitions

Full-Time Independent Study - Students are enrolled in the Mendocino Alternative School (Independent Study). Students are required to take a minimum of 4 classes in the IS program.

Part-Time Independent Study - Students are enrolled in one of the regular education high schools. Students may take courses on an independent study basis, but must take a minimum of 4 courses in the regular education setting. Part-time IS is not available at the K-6 levels.

Long-Term Independent Study- Students out of school for 16 days or more. School sites will determine the long-term independent study process.

Short-Term Independent Study - Students out of school for 5-15 days. School sites will determine the short-term independent study process.

The Governing Board authorizes independent study as an optional alternative instructional strategy for eligible students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan to serve students who desire a more challenging educational experience, whose health or other personal circumstances make classroom attendance difficult, who are unable to access course(s) due to scheduling problems, and/or who need to make up credits or fill gaps in their learning. As necessary to meet student needs, independent study may be offered on a full-time basis or on a part-time basis in conjunction with part- or full-time classroom study.

For students out for 5-15 days, short-term independent study will be utilized. The Mendocino K-8 School, Albion School, and Comptche School will adopt and determine a short term IS procedure. In addition, the Mendocino High, Community, and Sunrise Schools will adopt a short term IS procedure. In all cases, student and parents are required to notify school personnel of their intention of using short-term IS at least 5 school days prior to the absence. For students out 16 days or more, students may be required to transfer to IS for the remainder of the semester.

The Superintendent or designee may provide a variety of independent study opportunities, including, but not limited to, through a program or class within a comprehensive school, an alternative school or program of choice, a charter school, a home-based format, and an online course.

A student's participation in independent study shall be voluntary. Students participating in independent study shall have the right, at any time, to enter or return to the regular classroom mode of instruction. (Education Code 51747; 5 CCR 11700)

Parents/guardians of students who are interested in independent study shall contact the Superintendent or designee. The Superintendent or designee shall approve independent study for an individual student only upon determining that the student is prepared to meet the district's requirements for independent study and is likely to succeed in independent study as well as or better than he/she would in the regular classroom setting.

The minimum period of time for any independent study option shall be five consecutive school days.

The Board recognizes that independent study may be used as an option to encourage students to remain in school. Teachers should carefully set the duration of independent study assignments, within the limits specified by the Board, in order to help identify students falling behind in their work or in danger of failing or dropping out of school.

Independent study is offered to any student impacted by any of the conditions listed in Education Code (EC) Section 46392 within ten days of the first day of a school closure or material decrease in attendance. Students who are individuals with exceptional needs shall receive the services identified in their individualized education programs pursuant to EC Section 56345(a)(9) and may participate in an independent study program.

Written Agreements

The Superintendent or designee shall ensure that a written master agreement and, as appropriate, a learning agreement for students participating in course-based independent study exist for each participating student as prescribed by law. (Education Code 51747, 51749.5)

The master agreement shall specify the length of time in which each independent study assignment must be completed. Because excessive leniency in the duration of independent study assignments may result in a student falling behind his/her peers and increase the risk of dropping out of school, independent study assignments should in most cases be no more than one week for all grade levels and types of program. However, when necessary based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.

An evaluation shall be conducted to determine whether it is in a student's best interest to remain in independent study whenever the student misses three assignments, unless the student's written agreement specifies a lower or higher number of missed assignments based on the nature of the assignments, the total number of assignments, and/or other unique circumstances.

Student-Teacher Conferences

Supervising teachers should establish an appropriate schedule for student-teacher conferences in order to help identify students falling behind in their work or in danger of failing or dropping out of school. Teachers are expected to monitor student progress and work closely with each student to determine the amount and type of contact needed for the student to be successful in the program.

Missing appointments with the supervising teacher without valid reasons may trigger an evaluation to determine whether the student should remain in independent study.

To foster each participating student's success in independent study, the Board establishes the following maximum lengths of time which may elapse between the time an assignment is made and the date by which the student must complete the assigned work as follows:

All grade levels- 9 weeks, unless more frequent meetings are requested by the teacher or student. Nine-week assignments allow for projects, student self-pacing where appropriate for one quarter's work, or to allow students to be on independent study while traveling.

Home-Based Independent Study

The Superintendent or designee shall encourage parents/guardians desiring to teach their children at home to have their children participate in independent study. Such participation allows continued contact and cooperation between the school system and the home-based student and ensures that the student will be offered a standards-based education substantially equivalent in quality and quantity to the district's classroom instruction.

EMERGENCY SCHOOL CLOSURES

Pursuant to Education Code (EC) Section 46393, for Form J-13A submissions due to a school closure and/or material decrease in attendance occurring after September 1, 2021, a school district, county office of education, or charter school that provides a Form J-13A affidavit to the Superintendent, pursuant to EC Section 41422 (school closure) or EC Section 46392 (material decrease), shall certify that it has a plan for which independent study will be offered to students, pursuant to Article 5.5 (commencing with EC Section 51745) of Chapter 5 of Part 28 of Division 4.

In the case of an emergency school closure, the following shall be followed:

- 1. Independent study is offered to any student impacted by any of the conditions listed in EC Section 46392 within 10 days of the first day of a school closure or material decrease in attendance. Students who are individuals with exceptional needs shall receive the services identified in their individualized education programs pursuant to paragraph (9) of subdivision (a) of EC Section 56345 and may participate in an independent study program.
- 2. Mendocino Unified School District will reopen for in-person instruction as soon as possible unless prohibited under the direction of the local or state health officer.
- 3. Notwithstanding subdivision (c) of EC Section 51745 or subparagraph (F) of paragraph (9) of subdivision (g) of Section 51747, independent study master agreements will be provided in a reasonable amount of time consistent with the steps outlined in this Independent Study Policy.

Program Evaluation

The Superintendent or designee shall annually report to the Board the number of district students participating in independent study, the average daily attendance generated for apportionment purposes, student performance as measured by standard indicators and in comparison to students in classroom-based instruction, and the number and proportion of independent study students who graduate or successfully complete independent study. Based on the program evaluation, the Board and Superintendent shall determine areas for program improvement as needed.
