WHEREAS, a resolution of intention to form the maintenance assessment district was duly adopted on May 17, 2018;

WHEREAS, pursuant to the resolution of intention, a public hearing was scheduled for June 21, 2018, as set forth in the resolution of intention;

WHEREAS, the Board considered all the oral statements and any written communications made or filed by interested persons at the public hearing as described above;

WHEREAS, the Board determined, based upon the Engineer's Report, and staff testimony at the hearing, that the formula or method for apportioning the assessment on the assessable lots and parcels of the land within the District was apportioned among the several lots or parcels in proportion to the estimated benefits to be received by each lot or parcel from the improvements, as defined under the Act and as set forth in the Engineer's Report based upon the formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each lot or parcel from the improvements as defined under the Act;

**Board of Trustees** 

For the 2018-19 fiscal year, there is no surplus or deficit in the improvement fund and section 22569(d) does not apply. The net assessed amount is, as set forth above, the estimate of the costs for the fiscal year 2018-19 of approximately \$88,800. The net assessment is based on approximately 2,960 improved parcels at \$30.00 per parcel.

Maintenance personnel will be used to maintain, service, and repair as necessary the District's facilities available to the public. District maintenance and utility staffing and operational expenditures will be used approximately 6.4% for maintenance and service in connection with public recreational events at District school sites.

The proposed assessment per improved parcel and total net amount to be assessed is less than the cost the District pays for maintenance, service, and improvements as a result of the public use and availability of District facilities.

The exterior boundaries of the Maintenance District are identical to the boundaries of the Mendocino Unified School District. For purposes of the Maintenance Assessment District, the Mendocino County Assessment Roll constitutes the Diagram.

I do hereby assess the net amount to be assessed upon all assessable lots or parcels of land within the Maintenance Assessment District by apportioning that amount among the several lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the maintenance of the improvements, as more particularly set forth in the list attached on page 4 which also lists exempt parcels, and by this reference made a part of this Assessment.

The Assessment is made upon the lots or parcels of land within the Maintenance Assessment District in proportion to the estimated benefits to be received by the lots or parcels, respectively, from the maintenance of the improvements.

Each lot or parcel of land assessed is described in the Assessment Roll by reference to its parcel number as shown on the Assessor's Maps of the County of Mendocino for the fiscal year 2018-19 and includes all of each parcel, excepting those portions within existing public roads or right-of-way. For a more particular description of the property, reference is hereby made to the deeds and maps on file and record in the office of the County Recorder of the County Mendocino.

### Mendocino Unified School District Maintenance Assessment District

### **Assessment Roll**

Reference is hereby made to the Assessment Roll in and for said assessment proceedings on file in the Office of the Secretary of the Board of Trustees, said assessment roll being too bulky to be bound with this Engineer's Report. The Assessment roll identifies the Mendocino County Assessor's Parcel Number of each lot or parcel, within the Maintenance Assessment District, that is being assessed, the address of the lot or parcel, the name and address of the owner of the lot or parcel, and an assessment amount.

### **Method of Assessment**

The amounts to be assessed against the parcels of property to pay the cost and expenses of the work and improvements are based upon the benefits to be derived by the properties in the assessment district, which is comprised of parcels located within the Mendocino Unified School District boundaries, as defined by the Mendocino County tax code areas. Such benefits include, but are not limited to, enhanced property values, availability of recreational facilities, preservation of green space, contribution to a clean and safe community, and other general benefits.

Attached is a Summary of Assessment Amounts for various land uses found within the Mendocino Unified Maintenance Assessment District. The listing is not all inclusive of all types of land use that may be found within the District, but does represent the major land use categories. The list identifies which land use parcels are to be assessed and the method by which they are assessed.

Any property owner who feels that the amount of his/her assessment is in error as a result of incorrect information being used to apply the foregoing method, may file an appeal with the Superintendent of the Mendocino Unified School District. Any such appeal is limited to correction of an assessment during the then current or, if before July 1, the upcoming fiscal year. Upon the filing of any such appeal, the Superintendent shall promptly review the information provided by the property owner and if he finds that the assessment should be modified, he shall have the authority to make the appropriate changes in the assessment roll. If any such changes are approved after the assessment roll has been filed with the County of collection, the Superintendent is authorized to refund to the property owner the amount of any approved reduction.

### **Assessment Diagram and Plans and Specifications**

Reference is hereby made to the Assessment Diagram in and for said assessment proceedings on file in the office of the Secretary of the Board of Trustees, said Assessment Diagram being too bulky to be bound with this Engineer's Report. For the purposes of the Mendocino Unified Maintenance Assessment District, the Assessor's Roll constitutes the Assessment Diagram.

Any Plans and Specifications that may be required, or that are applicable to the maintenance work included in the Maintenance Assessment District will be on file in the Office of the Secretary of the Board of Trustees.

### **Public Use and Availability of District Facilities**

The Mendocino Unified School District ("District") makes available to members of the public residing in the District and other public members its facilities and playgrounds. The District is unique in this respect as almost all community recreational functions use these facilities.

The High School gymnasium and the K-8 gymnasium are used for large public functions in addition to recreational activities available to the public. The playgrounds at the small grammar schools and the Mendocino K-8 School are made available to the public for recreational activities.

The District's playing fields and gymnasiums are available to the public for a variety of sporting activities such as basketball, badminton, football, baseball, soccer, volleyball, and other sporting events. The Performing Arts Center and the High School gymnasium host public events for the community as a whole. There are other cultural uses of the District's facilities for public use.

The Mendocino Community High School and the Albion School are used by the public for cultural and recreational uses which require ongoing maintenance.

Because of the heavy use of the District's facilities, as set forth in this Report, it is necessary to defray the cost of maintenance, servicing, and improvements under the Landscaping and Lighting Act of 1972 (Streets and Highways Code section 22500).

Property values are enhanced by the presence of well-maintained public facilities for community recreational uses.

## 4.4. Board Trustee Area Boundary discussion (information/discussion/action)

Each board member discussed her/his position regarding the current Board Trustee boundaries and the current voting system.

Jim Gay: I respect the small schools and would like to see a seven member Board.

Mark Morton: The current configuration is the best solution if every member of the board considers every person a member of our district.

Jessica Grinberg: Fear of closing the outlying schools is a major factor for voters. The attorney did state in his conference with the Board, that he would be able to argue for both positions — one person one vote or the current configuration.

Michael Schaeffer: Keep the same configuration. It is not a perfect system but works. It also supports the energy of the community in each area. Changing the system would require a lot of time and effort.

MSA Morton/Aum (3/2). The Board resolved that they will maintain the current district election system.

YES: Schaeffer, Morton, Aum; NO Grinberg and Gay.

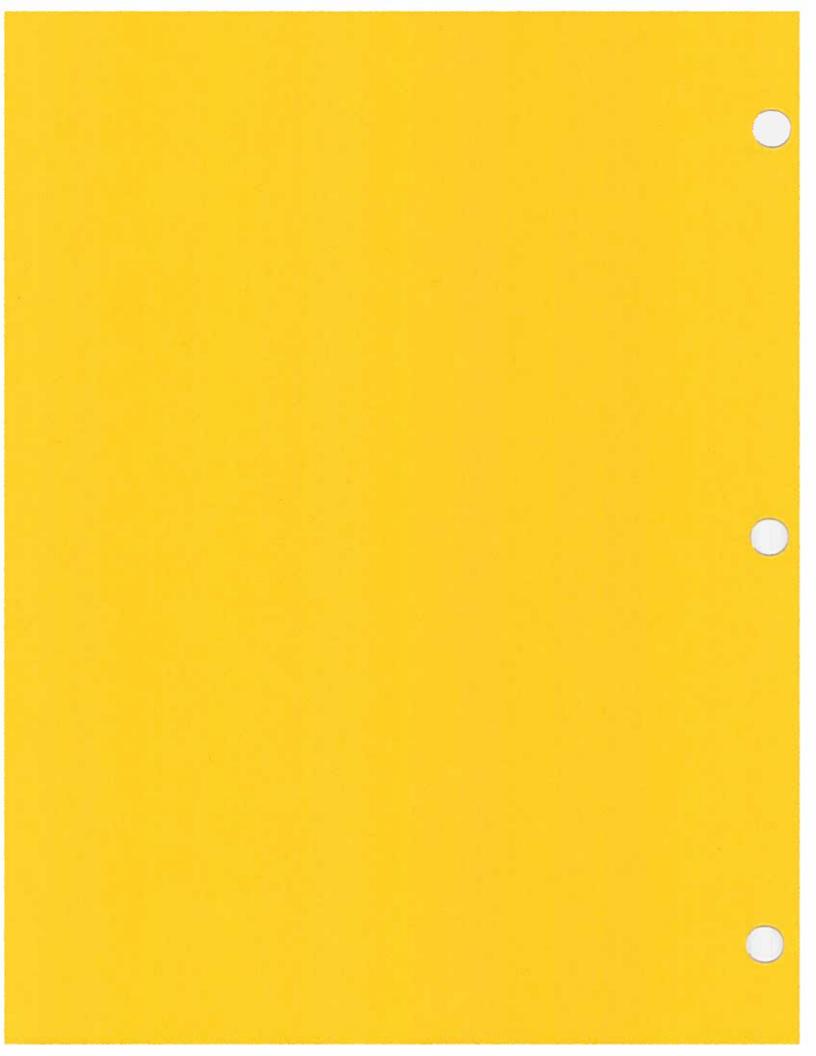

#### 5. FUTURE AGENDA ITEMS

The Board will discuss items to be agendized for future meetings including the following: Adoption of the 2018-19 Budget and the Local Control Accountability Plan (LCAP), Public Hearing on MAD, Educational Protection Act Resolution, update to MUSD Strategic Plan, ongoing: policies.

#### **GASB 68 Notes**

- In October 2015, MCN's auditors completed the FY 14-15 audit report. In this report, MCN's statement of net fund
  position for both FY 13-14 and FY 14-15 were restated in order to reflect required changes under GASB 68 involving
  deferred penison liabilities which are required to be shown in audit financial statements when an enterprise fund is
  involved.
- 2. The changes resulted in a decrease of the fund position of \$537,439 for FY 13-14. Further adjustments by the auditor reduced the change in FY 14-15 to a derease of \$526,362 in the net fund assets.
- 3.The changes to the net rund position were recorded through a set of journal entries to the general ledger of fund 63 in categories 9490,9663,9690,and 9793 which were recorded in January of 2016 based on information provided by the auditors. All GASB 68 adjustments are beyond the technical skill of MCN staff and are wholly provided by the auditors.
- 4. Further adjustments to these categories were made by the district's new audit team in October of 2016 and September of 2017 resulting in an Increase of the total of GASB pension adjustments to to \$647,609
- 4. The auditor's recommendation to MCN staff is that GASB 68 liabilities should be separated out when presenting ir unaudited monthly financials statements. GASB 68 entries do not represent an acutal amount owed to any tity. Per the auditor, separating them out will give a better view for MCN staff, MUSD staff and the MUSD Board to make accurate judgements regarding MCN's fiscal position while at the same time representing the GASB 68
